

Multi Menu System (MMS)

Fed up with the hassle of those Audit keys?

- Stop the stress.
- Improve your efficiency.
- Save time.
- Make fewer mistakes.

Get rid of the hassle today – the **Multi Menu System** fits all current gaming machines.

18 keys for each 18 machine site without MMS

Only 1 Audit key for 18 machines with MMS

The MMS switches all your gaming machines into audit mode with **one** central switch.

“It’s like central locking in cars”

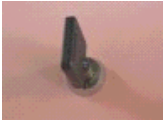

The MMS can be used every time the soft meters have to be read on all the machines. Remember DIA require the soft meters to be read every time you do a:

- Cash Clearance,
- Monthly Machine Analysis (MMA),
- Cashless Gaming Machine Analysis Report (CGMAR)
- Weekly Gaming Machine Profit Return

The Multi Menu System Solution

One

Keyswitch

Features

- Approved by the DIA (approval number NZ19000).
- Endorsed by:
 - Ainsworth
 - Aristocrat
 - IGT
 - Konami
 - Stargames
- Very simple installation using standard 'CAT 5' network cable.
- Uses the standard round audit key.
- The current machine audit switches continue to function as normal.
- There is no requirement to update your site licence when you fit an MMS.
- New Zealand Made.
